Vendor White Pages

Sodexo's "Vendor White Pages" (formerly the Vendor Compliance Database) is a resource available to assist Sodexo Unit Managers in locating purveyor numbers for Sodexo's manufacturer partners.

This database is updated monthly, and users can choose to search by "Vendor Name" to locate a specific purveyor number or search by "City" and "State" for a listing of all manufacturers and purveyor numbers available in their area.

For questions regarding this resource please contact the Client Procurement Services Call Center 866-368-3472.
