

# ERROR: “No Data Found for Selected Input Parameters”

## PROBLEM

---

Cannot retrieve report data in Meal Entry or OSI modules.  
Receive error: “No data found for selected input parameters.”

## SOLUTION

---

### Meal Entry Module

1. Click the **Meal Entry** tab
2. Click the **Meal Entry** tab
3. Click the **Reports** tab
4. Select the report from the *Select a Report* drop down menu
5. Click **Next**
6. When entering **From** and **To** dates make sure to use correct date format (**xx/xx/xxxx**) or report will not show selected data

### OSI Module

1. Click **OSI** tab
  2. Click **Reports** tab
  3. Select report from the *Select a Report* drop down menu
  4. Click **Next**
  5. When entering **From** and **To** dates make sure to use correct date format **xx/xx/xxxx**) or report will not show selected data
