

## **Web UFS – UIPS (TMC) Invoice Not Posted Report Showing Invoices From Previous Weeks**

### **PROBLEM:**

---

User pulls the UIPS (TMC) Invoice Not Posted Report under Expenses > Accounts Payable > Reports and it shows current week invoices not posted but also shows invoices not posted from previous weeks.

### **SOLUTION:**

---

User will see invoices not posted for the last 60 days before it clears to history. This report does not refresh weekly upon doing a new week setup.
